参加費：無料

## Physics and Chemistry of Soft Interfaces

### Speakers:

山口祥一 Shoichi Yamaguchi,

Interface-selective heterodyne-detected second-order nonlinear optical spectroscopy

貞包浩一朗 Koichiro Sadakane,

Hierarchical structure induced by solvation effects of hydrophilic/hydrophobic ion pair in the mixture of water and 3-methylpyridine

奥村剛 Ko Okumura,

New aspects of age-old problems of capillary and wetting

好村滋行 Shigeyuki Komura,

Hydrodynamics in multicomponent biomembranes

松原弘樹 Hiroki Matsubara,

Study on line tension of air/hexadecane/aqueous surfactant system

甲賀研一郎 Kenichiro Koga,

How soft interfaces get wet
